Spend money on what you really want...

With over ten years experience in computer refurbishment we endeavour to provide the best value laptops in the UK. A Grade2 laptop from buyit247.com gives you the security of a world renowned manufacturer, such as Fujitsu Siemens, but with a knock-down price tag. Buying from buyit247.com means more money left to enjoy the things in life you really want.

Grade2: Tried • Tested • Trusted.

5 essential facts about Grade2...

- Grade2 products are functionally identical to their 'brand new' counterparts.
- Grade2 products originate from leading brand manufacturers.
- Grade2 products are supplied boxed, tested and complete with essential peripherals and cables.
- Grade2 products are, almost without exception, products manufactured less than 12 months ago.
- Grade2 products are provided with warranty, with the option of extending the warranty upto 3 years.
